The Thankful Ones' purpose is to provide financial support to families beginning the process or currently in the process of adopting a child of addictive parents or due to other unfortunate abuse and neglectful circumstances. The proceeds given to the adoptive family will help pay for court fees, counseling costs, and other expenses that ensure the safety and well-being of the child.

Our objective is to help create loving families by lessening the financial burdens (attorney fees, court costs, home study costs, etc.) it takes to complete the adoption process. We would love to hear more details about your adoption journey so we can better understand your family's needs. The Thankful Ones knows "it takes a village". We want to help you provide a child with their forever home and forever family.
